## Welcome to the 2015-16 School Year!

During the first week of school we have worked to establish our goals and expectation for our after school program. Our goals, in order of priority, are to provide safety (and an after school meal), to help each child work towards completing his/her homework, and to allow time to use up some energy and have fun before going home. The students have collaboratively come up with our community expectations with the assistance of staff members. I will attach this list at the end of the newsletter so parents/guardians have a copy for reference, as needed. My staff and I are looking forward to a great year!
